

NEW!
G®-DOCU D 1009/240 now with PVC-bumper-option!

We are not only developing new products with and for our customers, we are also constantly improving our existing products! This is why our D 1009/240 data disposal containers (with or without beading) are now available with a new lid - which can be fitted with a PVC bumper:

- The bumper protects container, walls and furniture
- Bumper in blue colour; other colours available upon request
- Made in Germany
- Also available for container D 1009/80 and D 1009/120 upon request
- Stackable upside down is still possible

Special Offer

OUR INTRODUCTORY OFFER FOR YOU:
 With every order of a D 1009/240 by the end of November 2020 you will receive the PVC bumper in the standard colour blue for free!*

* Conditions and minimum order quantities according to the existing price list

Secure your data disposal with Gmöhling

Gmöhling data disposal containers are available in different sizes and versions to ensure that even sensitive data and files are securely and optimally collected. Complying with the EU-General Data Protection Regulation (GDPR) up to security class 3.

Material subject to data protection can be collected in our data disposal containers, also referred to as file containers, and then transported for destruction as required by law. These containers can be equipped with various locking systems as required and naturally prevent unauthorised third party access to the data.

Automatic emptying

Digital lock meets the requirements of security class 3

Gravity lock

Container with comb lift frame and insertion unit for files

Discharging of containers with a comb lift

Our team is always there for you!
